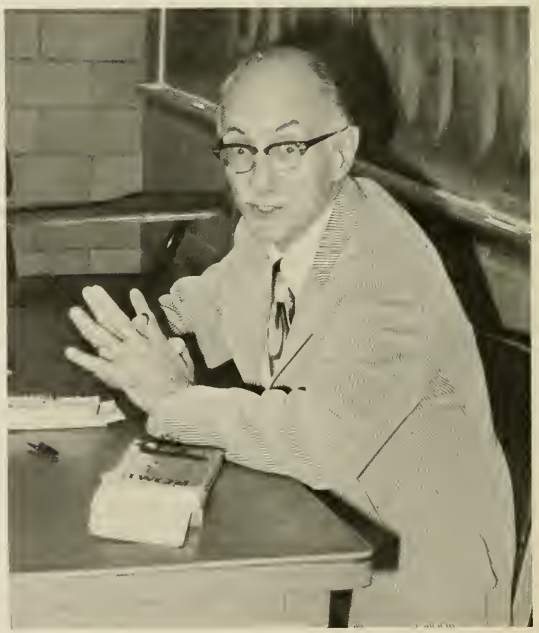
Dr. Armand Singer



# "Professeur Extraordinaire"

The Monticola has singled out Dr. Armand E. Singer for special recognition because of his many years of total dedication in the field of education.

Dr. Singer came to WVU in 1940 as a teaching fellow in Romance Languages and in 1960 he became a Professor of Romance Languages. From 1963 to 1964, he was program chairman for Integrated Studies in Humanities. Dr. Singer then served as chairman of Humanities from 1964 to 1971.

It would be impossible to list all the awards that Dr. Singer has achieved during his career. Some of these awards are membership in Phi Beta Kappa as a junior undergraduate at Amherst, listing in Who's Who in America, 1972-73 edition, and recognition in eight other state, national and international bibliographies. Dr. Singer had written several books and has had many articles published in professional journals. These various articles include four studies on Don Juan and a set of three on Cervantes' *Licenciado Vidriera* widely cited here and abroad. An article on Chaucer's Don Juan has been listed as one of a hundred indispensable for scholars in the field.

Dr. Armand Singer could be described as being everything a good educator should be plus a lot more. It is dedication, such as that which Dr. Singer has shown throughout his career, which is the difference between a good teacher and a great one

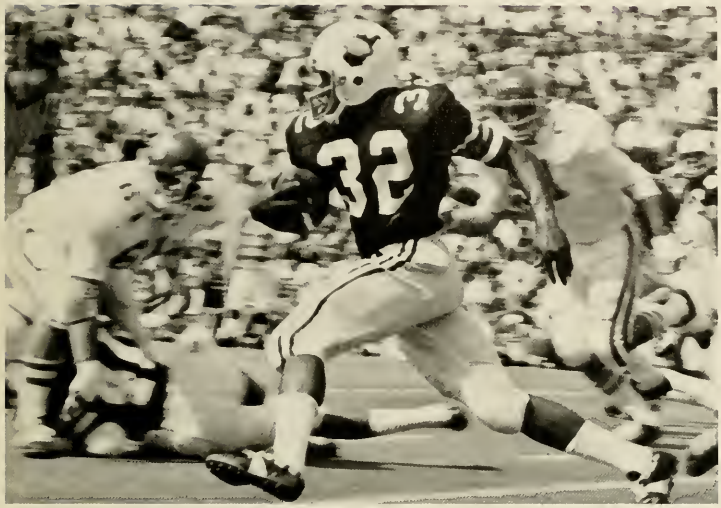
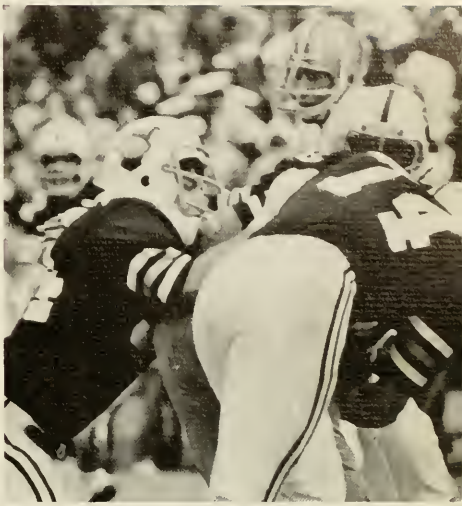
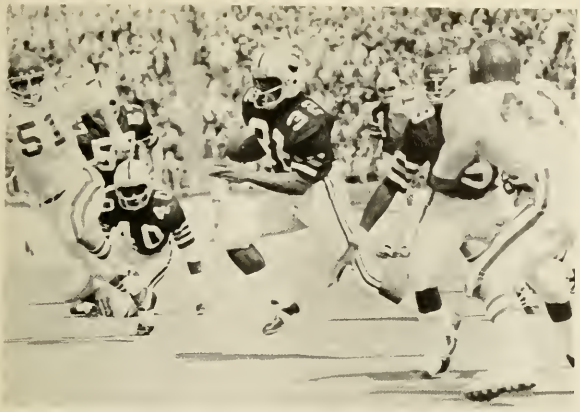
# OFFENSE AND DEFENSE





# THE SEASON

The opening game of the 1972 season on September 9, had been awaited with hope and anticipation by Mountaineer fans. But instead of the great offense expected, headed by what Coach Bowden called, "the greatest set of receivers in the nation", it was the defense which brought the victory, 25 to 6, over Villinova.

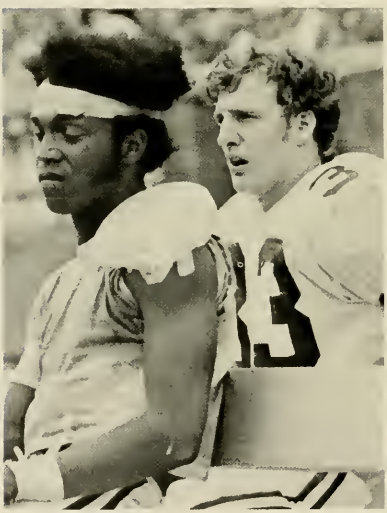


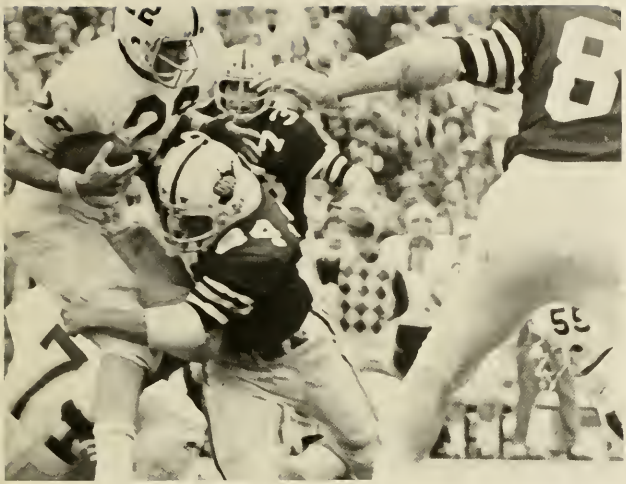
Although the Mountaineers won, it was only on the 19 point performance by place-kicker Frank Nester. The walk-on from Ravenswood not only broke a school record for points by a kicker in a single game, he also tied an NCAA record with his six field goals — the last coming with only seconds to play.

Against the Richmond Spiders on the following weekend, the WVU offense again failed to live up to its pre-season billing in a 28 — 7 win. It was another defensive victory as Coach Buckley's unit began to climb the ladder in national statistics.

September 23 found the Mountaineers on the road for the first time of the season and the change in scenery must have sparked the offense to a 48 — 10 victory over the undefeated Virginia Cavaliers. Although falling behind initially, the Galiffa led offense poured it on in the third period, as Bernie was named ECAC quarterback of the week.

It was in this third game that the combination of Galiffa to Buggs began to hint of things to come.





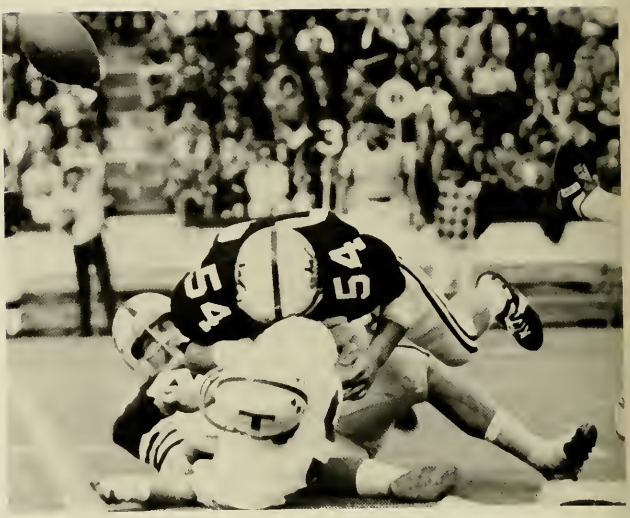
In game five, the Mountaineers showed a lot of offensive muscle, but gave up a lot on defense in defeating the Indians of William and Mary, 49-34.

It was the second week in a row that the defense was pushed around. In game four, WVU's defense fell from national ranking with a 41-35 loss to Stanford.

Powered by Danny Bugg's three TD's, the Mountaineers downed highly-rated Tulane 31-19.

The Mounties rallied after a disappointing loss to Temple the week before in preparation for Penn State's Nitany Lions.

Although out-gained offensively, WVU used long-gainers and a record punt return by Buggs to notch up their fifth win in seven games.



# Penn State

What more needs to be said? It was a big game for WVU; it's always a big game.

The Mounties lost and most of the season was history. Two traditional rivals were left, but this game seemed to be the whole season.

It started out good, but good was not enough.

1972-73 MOUNTAINEERS

FIRST ROW Left to right: Trainer Whitey Gwynne, David McCardle, John Vidovich, Mark Catlett, Harold Black, Rick Coles, Steve Minton, manager Bill Hines, equipment custodian Clarence Kimble. SECOND ROW: Assistant Coach Chuck Machock, assistant coach Bill Ryczaj, Ron Weaver, Mike Carson, Bob Hornstein, Larry Carr, Sam Kilburn, Scott McDonald, Jerome Anderson, assistant coach Gary McPherson, Head Coach Sonny Moran. Gary Reichenbecher is not pictured.

Although young and inexperienced, the 1972 Mountaineers showed promise for the future. With a starting five made up three sophomores and two freshman, the team had a 8-6 mark at mid-season.

Silent sunlight, welcome in
There is work I must now begin
All my dreams have blown away
And the children wait to play
They'll soon remember things to do
When the heart is young
And the night is done
And the sky is blue
Morning songbird, sing away
Lend a tune to another day
Bring your wings and choose a roof
Sing a song of love and truth
We'll soon remember if you do
When all things were tall
And our friends were small
And the world was new
Sleepy horses, heave away
Put you backs to the golden hay
Don't ever look behind at the work you've done
For your work has just begun
There'll be the evening in the end
But till that time arrives
You can rest your eyes
And begin again.

# Clean as a whistle

Natural gas burns as clean as a whistle. It's neat and non-polluting.

Gas doesn't smudge the bottom of cooking pans on your kitchen range. You can prove it by holding a white saucer over a properly adjusted gas burner. The saucer stays sparkling clean.

Natural gas is the superior household energy —clean as a whistle, controllable, and safe.

# We Like to Get Involved

Owens-Illinois is a company interested in the present and future of the communities in which we operate. With people who take the time to become involved in the variety of civic activities so vital to sustained progress in any community.

There are 70,000 Owens-Illinois people, operating more than 130 plants around the world. Many are active in a variety of community pursuits. One of them may well serve on the same committee with you.

We work extra hard to be good neighbors because we believe the success of our operations is directly related to the overall civic and cultural environment within the community.

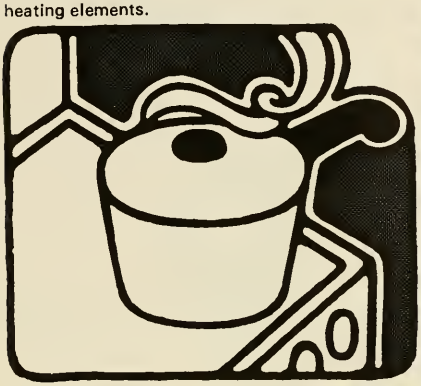
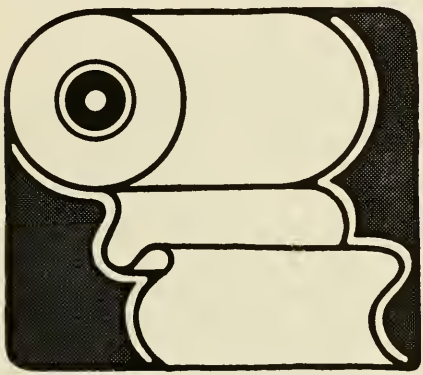
## PPG has something special for the kitchen:

*Hercuvit*®. It's a ceramic glass range-top material that permanently covers up heating elements.



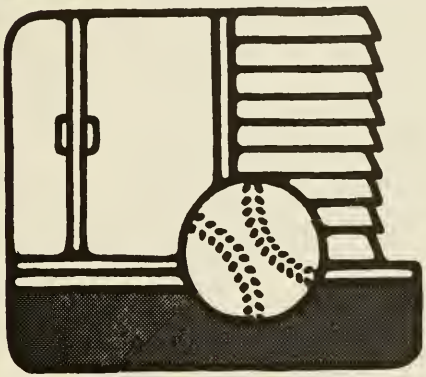
## PPG has something going in fabric care:

Solvents for drycleaners, coin-ops and rental laundries. Drycleaned cotton polyesters look better, last longer.



## PPG has something special for newsprint:

*Hi-Sil.* An opaque filler that reduces ink showthrough and improves the effect of color reproduction in newspapers.



## PPG has a lot going in safety:

Tempered safety glass for homes, automobiles, aircraft. It's many times stronger than ordinary glass.

# PPG: a Concern for the Future

But these aren't the only areas of concern at PPG, there's more: we sell hundreds of Chemicals, Paint and Coating products for home and industry, as well as Float, Sheet and Plate Glass, and Fiber Glass. If you desire involvement with a growth-oriented corporation working on problems and product solutions for tomorrow and the days to follow, contact us.
